

## Remington Land & Cattle

### The Final Drive October 17-18-19, 2011

The Final Drive was historic in many ways. The Simmental, All Canadian Black Angus, Black Angus, Red Angus, and Yieldmaster divisions were all well represented, set records and scattered to buyers across North America, Mexico and Australia. The three-day sale was well attended - in person, by phone and on the internet. The sale made headlines by presenting the cattle on video, having the cattle on display in pens surrounding the Remington sale barn for viewing by potential buyers. The sale event ran smoothly over the three days thanks to the great work of the Remington crew and the sale staff. The hospitality was never ending, with the outstanding presentation of smoked prime rib, steaks, and brisket all prepared by Ryan Remington and his crew. It was an event to be remembered, and the influence of the cattle sold will have an impact on breeding herds worldwide.
