Welcome

Welcome to the 10th annual RAINBOW HILLS RANCH production sale. WOW, what a year it has been! We have seen cattle prices like we have never seen and renewed optimism. With prices at record highs it is a great time to improve our cow herds as they are the foundation of our programs.

Again this year you will find a good selection of bulls, yearlings and two year olds. We are also offering forty five open yearling heifers with the top twenty four right off the top of my replacement pen. We have been raising breeding stock for over fifty years and four generations strong. We have always selected cattle with traits desirable to the commercial cattleman with growth, calving ease and longevity in mind. You will find that we have a very uniform set of bulls that will go out and work well for you for many years to come. The bulls have been fed a high forage ration to ensure years of use in your herd. The females are fancy, productive females that are ready to go work in your herds. Not often do you get the opportunity to access the top of our female pen, but those who have known the job they can do will appreciate the many years of production and profitability they can bring to your herd.

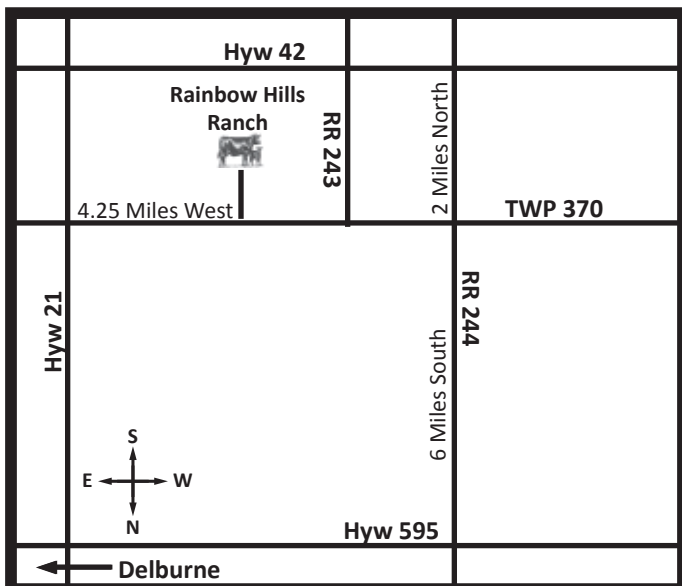

We hope to see you all on April 2nd, please come early and join us for lunch and some good Angus fellowship. If you have any questions about the sale offering feel free to contact us or any of the sale staff. The coffee is always on so stop by and have a look, we would be happy to show you around and offer you any assistance we can. The cattle will be sold by video in our heated sale building so please come early and inspect the cattle prior to sale time. The cell service is hit and miss so if you need to phone bid please call prior to the sale and we will do our best to accommodate.

Thank you to all past buyers and to all future buyers for your continued support in our breeding program.

Warren Beck

To view bulls online prior to sales go to www.hendersoncattle.com and follow the link Rainbow Hills Ranch Video will be available two weeks before the sale.

DJH

Welcome to the Rainbow Hills Ranch Bull Sale, April 2, 2015 at the ranch. Four generations of Becks have raised the "Cattlemens Kind" of cattle and here is your opportunity to insert this positive influence in your herd.

The Becks have always been extremely selective in purchasing their herd sires or buying semen on the best bulls in the business. The bulls selected from this sale have worked extremely well in the herds they have gone into, these are cattle bred by real cattlemen and sold to real cattlemen in the real world.

Remember the Rainbow Hills user friendly guarantee, they offer you the first year breeding guarantee that will assist you for the first 90 days of the breeding season if you should have a injury.

This is an excellent offering, and I am proud to be working with the Becks. If you have any questions concerning this great offering or if I can be of assistance in anyway please feel free to call. If you can't make the sale, I am available to describe the cattle, assist in selections and buy on order if required.

Hope to see you at the sale, enjoy the great hospitality, study the offering and make a great investment in top quality Angus seed stock.

Livestock Insurance

An insurance representative will be present on sale day.

Keep & Feed Program

We will keep and feed your purchases until May 1st, 2015 at no cost as long as you insure your purchase. After May 1st 2015 there will be a 3.00 Dollar/day charge to the purchaser.

Trucking & Delivery

Free delivery to central areas, bring your trailer and receive 75.00 dollars off your total invoice.

Terms & Conditions

Cattle will be sold under the terms and conditions of the Canadian Angus Association. Full settlement needs to be arranged before release and transfer.

Sight Unseen Purchases

We would like you to attend the sale, but if you are unable to Warren or any of the sales staff would be glad to assist you. We are not satisfied unless you are. There will be a cellular booster on site sale day, but if you need assistance please inquire prior to sale.

Herd Management & Health

We make a special effort to manage our cattle so they will perform to the maximum for you. We do not creep feed our calves as we feel that using weaning weights is a tool to indicate a cows performance. Our calves are weaned in late October and fed a high ruffage diet, you will find that our cattle are not carrying the flesh common to some purebred herds, these cattle will respond quick to grass and will last longer for you. Our cattle are all vaccinated in June with 8-way and cattle master 5 and then this is repeated again in October with an application of Ivermec. Our cows survive under normal conditions without a lot of pampering.

Breeding Guarantee

We stand behind our cattle and if you get a bull or a female that will not breed please let us know in a reasonable fashion and we will look after you. We will not be responsible for physical mismanagement, and not provide more than the original sale price.

If you wish to purchase but can't attend call
Lauris or Warren Beck, we would be glad to
assist you Satisfaction Guaranteed

This Traveler son was kept for his amazing numbers and his flawless conformation, he is doing a great job for us he is a stout, long bull that moves free. His mother has been a top producing cow for us and her mother has elite status. This bull has sired a good even group of calves that come out easy and take off and grow. He has some great numbers take a look at his calves.

Peak Dot Iron Mountain 937X is a huge girthed bull with all his pounds in his rear quarter. He has excellent feet and legs moves out extremely well. He is a bull with exceptional phenotype with thickness, big rump and body volume. We are very happy with the job he is doing here at Rainbow Hills Ranch. His full brother Peak Dot Mountain Top 940X was the top selling bull at \$44,500 in 2011 Peak Dot spring bull sale. His dam Duchess of Peak Dot 556R is a donor cow at Peak Dot that needs no introduction. She is a above average producing kind of cow.

Thunder is out of the great herd sire Connealy Thunder. What a set of bulls he has left us. His females are outstanding as well which we have retained in replacement pen. Thunder's calves are small at birth and grow fast once on the ground. They have lots of hair, excellent temperament and his calves all have lots of eye appeal to them.
